—*Henry Adams*

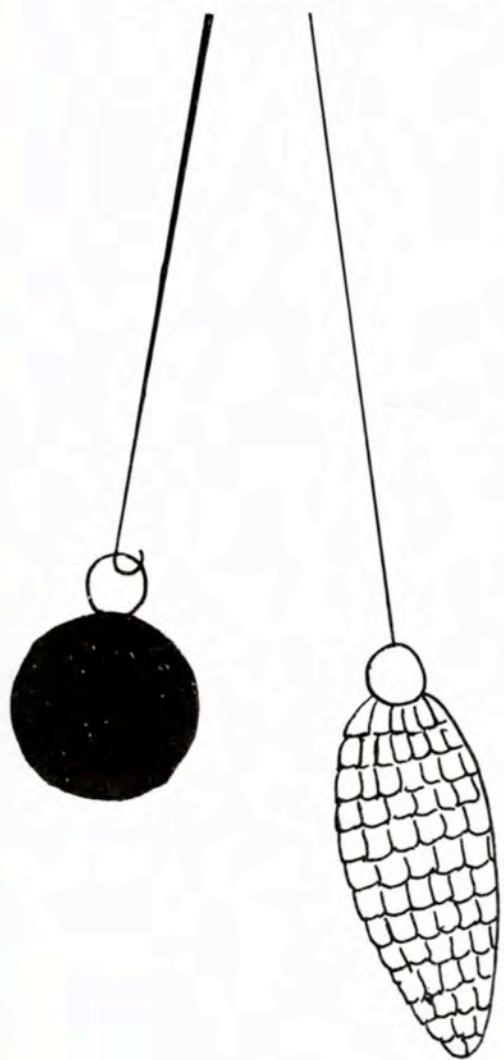

# dedication

The profession of teaching, for which we are now preparing, influences and profoundly alters the lives of all men. Its influence does not cease at the termination of formal schooling, but continues throughout life.

It is to “the teacher’s influence throughout time” that we dedicate this, the 1957 edition of the Cardinal. Our earnest hope is that this yearbook may serve as a testimony to the time we have spent in preparing for the teaching vocation. We humbly trust that as teachers we will measure up to the standards left by our predecessors, provide a worthy incentive for our fellow men, and leave a worthwhile record as an inspiration to those who follow. May this beneficent influence of teachers continue and deepen as generation succeeds generation.

"Time is a sort of river of passing events, and strong is its current; no sooner is a thing brought to sight than it is swept by and another takes its place, and this too will pass away."

—*Marcus Aurelius*

# campus

Four years out of the river of time that is our life, we spend at Plattsburgh. Here we develop, to a great extent, those characteristics that will determine our success or failure in life. The background for these events is the campus. It is here that for what in retrospect seems such a short time, we live and work, play, love, laugh, and perhaps cry. Against the backdrop of our campus we spin out the threads that make up the fabric that is our education.

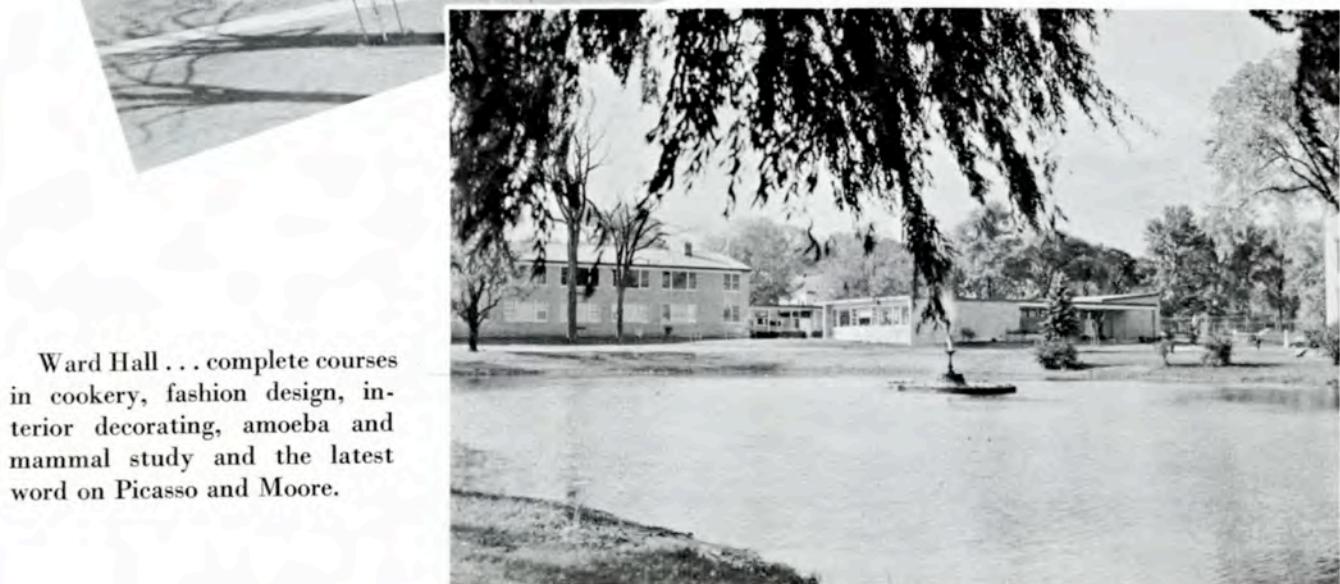

# Around the campus . . .

Hawkins Hall . . . lectures, classes, exams, forums, movies, plays, concerts, and weight lifting.

Normal Pond . . . haven for lost fish and harried sophs.

Ward Hall . . . complete courses in cookery, fashion design, interior decorating, amoeba and mammal study and the latest word on Picasso and Moore.

# administration

Within the great span which is time, lies a vast storehouse of knowledge; knowledge available to all. It is true, however, we cannot always of ourselves partake of this great legacy. We must have someone to clarify, to interpret, to teach it to us.

At Plattsburgh, we are fortunate in having a friendly, enthusiastic group of instructors who realize that a good teacher continues to learn throughout time.

### **President of the College**

**Dr. George W. Angell**

"The teacher's influence throughout time," the theme of this year's Cardinal, is well illustrated at Plattsburgh. As every student knows, the vitality of our college program flows directly from the teaching faculty. By virtue of unlimited faith in youth, generous energy, and sympathetic intelligence, these dedicated and distinguished persons have year after year fostered upon this campus instruction and guidance lighted with imagination. As the timeliness of their ideas and the timelessness of their ideals are grasped by the inquiring minds of youth, new teachers are born. The perpetual cycle of human history is once again fulfilled, and the eternal reward of teaching rediscovered.

### **Dean of the College**

**Dr. Edward E. Reday**

Friendly, earnest, a lover of education, people and jazz. The power of his guiding hand is felt by instructors and students alike.

Dr. John A. McTernan

Miss Alice K. Lewis

### Deans of the Students

Every day we see the results of their counsel and representation they give us in the administration of the college.

### Executive Council

A broad cross section of the faculty, it acts with the administration as an advisory group to the President.

# classes

Each September welcomes a new freshman class to Plattsburgh and every June bids goodbye to another graduating class.

In the years that fall between the entrance of a student into Plattsburgh and his departure, his life is regulated by time; time spent in classes, time spent in laboratory work, time spent in diligent assimilation of knowledge.

This can be profitable time wherein a student improves himself, or it can be a careless waste of time with nothing gained. It is for each individual to determine for himself whether he has won or lost. Either way he has been taught a lesson by time.

# sports

In addition to spending time at studies, each student is urged to participate in physical education activities of his or her choosing. The athletics program at Plattsburgh is planned to meet a variety of interests. As the seasons pass, the emphasis changes. When school convenes in fall, the soccer team begins to shape up for a full schedule of fast action and touch football becomes the enthusiastic interest of many. With the coming of snow, varsity basketball takes the floor along with intramural basketball and volleyball; and when summer rolls around, "Play Ball" is the pass-word as the SUTCP nine takes to the field.

Time passed in physical education activities encourages friendship, cooperation, and general well-being.

With fine team work and the will to win, the soccer team handled a difficult schedule this last season. Coach Joseph Jastrab had plenty of praise for the team. It had the best defensive record in the history of Plattsburgh. This was due mainly to our goalie and hard working fullbacks. Coach Joe, Captain Dick Jamison and the entire team have reason to be proud of their fine record.

## Touch Football

This year the men's football league had plenty of sparkle. There were many games with lots of enthusiasm. As the games progressed the tension as well as the rivalry mounted. With tremendous spirit and team work the league was very closely knit.

## Varsity Basketball

With new opponents—Rochester Tech, Adelphi, Le Moyne, Quinnipac, and New Haven State—Plattsburgh had its toughest schedule in the history of the college. Although the Cardinals met defeat several times, they had the same hustle and drive which they exhibited in the 1955-56 season.

Playing their last games in a Cardinal uniform were Pops Bullock and Jim Merrill.

The Cardinals' record is one which continues in the college's fine tradition, and makes the game remain our outstanding sport.

## J.V. Basketball

The little Cardinals had a team of fast-breaking, hustling players. The experience gained from the action they saw this year is needed for future years on the Varsity.

# activities

A necessary adjunct to time spent in classes is the hours passed in extra-curricular activities. At Plattsburgh, opportunities are offered in fields that range from participation in student government, to fellowship through fraternities and sororities, to music, journalism and dancing.

Each student through these outside activities has an opportunity to develop leadership, to work in cooperation with students and faculty in student-initiated projects, to foster special interests and through these activities, to broaden their experiences.

# Christmas

The abstraction known as the Christmas spirit is very much in evidence at Plattsburgh.

A few weeks before Christmas, the dorms burst forth in Christmas trim. Christmas trees seem to twinkle merrily from virtually every corner of the campus.

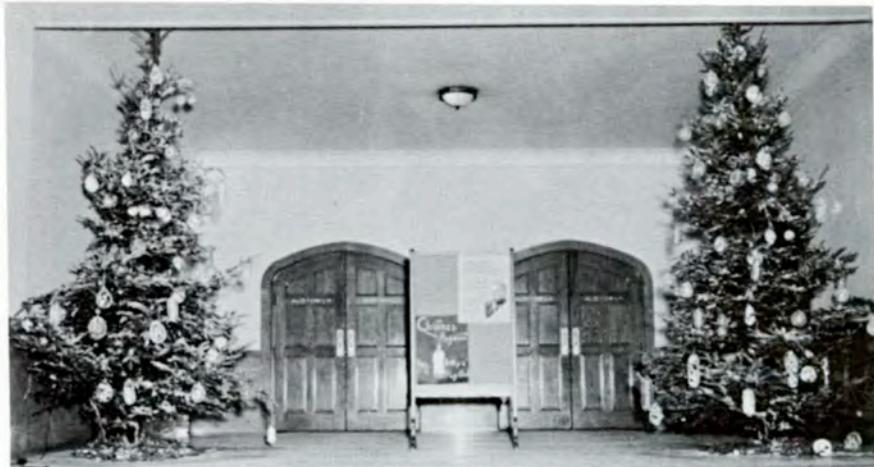

In Hawkins Hall, two stately spruces stand forth as sparkling sentinels of Yuletide cheer. Friendly cards in colorful disarray, bring faculty greetings to one another and the students.

At the Tea and Vesper Sing, the glittering tree towers over the smiling faces infused with Christmas joy.

The merry season closes with the impressive simplicity of the Candlelight Service and Nativity Pageant expressing the wonder of the awe-struck world at the birth of Christ.

Another Christmas at SUTCP has come and gone, but the memories of it are captured forever in our hearts.

# Winter

Though the lack of snow caused cancellation of the snow sculptures and the ski-trip to Whiteface Mountain, Plattsburgh students and their friends enjoyed three days of Winter fun at the second annual Winter Weekend.

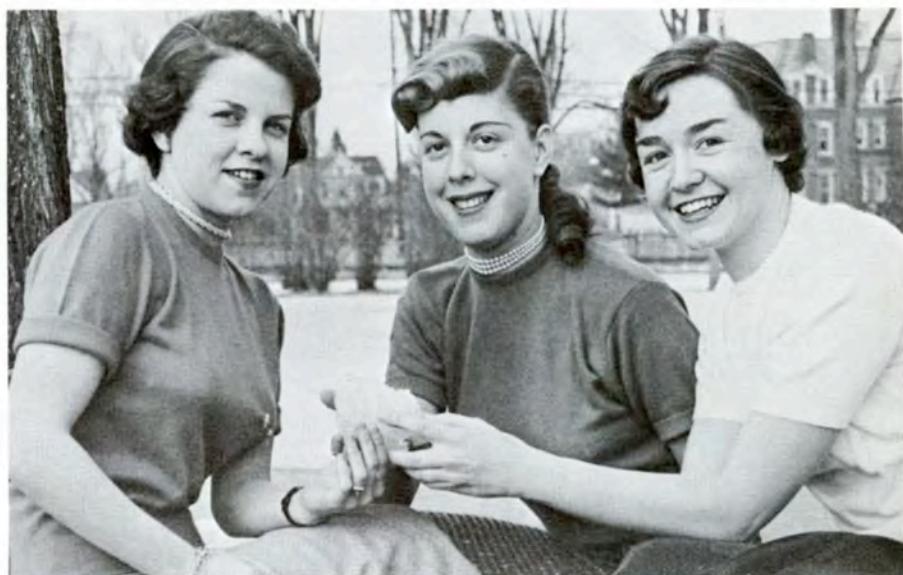

Festivities got underway Friday afternoon, with a coffee hour at the College Union. Friday night, the Cardinal basketball team paced by Mike Kukie, defeated the New Paltz State Teachers College Hawks 82-66.

Following the game, the jazz combo of Vinnie Corozine and his quartet from the Crane Music Department of Potsdam State Teachers College entertained a capacity crowd at the College Union.

The coronation of Robert Shambo, King, and Marianne Abinet, Queen, was the highlight of the semi-formal dance held Saturday night. Music for the dance was provided by the orchestra of Ray Nelson.

## The Cardinal

At the end of our sophomore year Cardinal staff elections were held. Starting in September were the many meetings with the usual friendly arguments with Jim Harnett and the trips to the snack bar for coffee.

Labels, labels, Janet was ready to campaign for peppermint glue.

To add to the turmoil, Amy discovered those terrible ink spots on the pictures, with only two hours to go before mailing time!

After Christmas we were greeted with the second deadline. "Where did that copy go?" "Ginny, did you throw it away again?"

Editor Ilse chews her pencil—"Come on people, we have to be out of here before one o'clock!"

Larry and Ruth come in. "Larry, where are those sport pictures?"

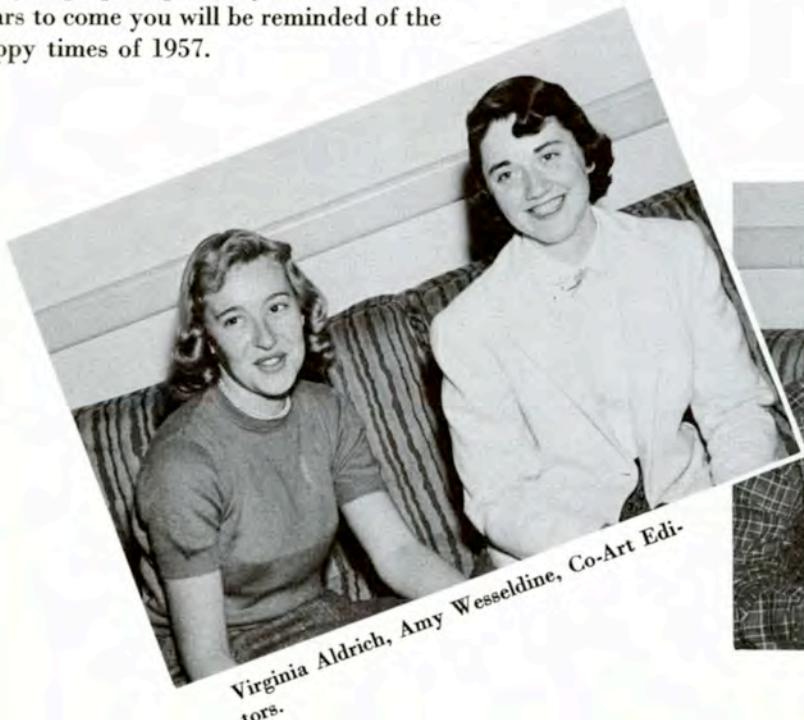

Janet Brunelle, Circulation Editor, Donald Jackson, Business Editor.

Mary Bird, Music Editor, James Harnett, Literary Editor.

Virginia Aldrich, Amy Wesseldine, Co-Art Editors.

Thomas Giroux, Elinor Fitzgerald, Co-Sports Editors.

## Pens Its History

"All right, Ruthie, I'll have them for you tomorrow."

"Promises, promises, promises!!!"

Birdie puts in a hurried long-distance call, and the next day Nancy sends a special delivery letter from New York.

How often we heard Donald, in a moment of meditation over a page layout . . . "Tom, will you turn that Hank Snow record down—please!"

As we write this, Ellie takes time out from the sports copy to ask us to be careful what we say about her because her mother will read the book.

Finally the last deadline is met. We only hope that you enjoy looking through this year's Cardinal as much as we have enjoyed preparing it for you, and that in years to come you will be reminded of the happy times of 1957.
